

Disinfectant Wipes—an Effective Addition to Your Virus Fighting Arsenal

3

SIMPLE FACTS ABOUT THE IMPORTANCE OF DISINFECTING YOUR WORKSPACE

- 1. Disinfection as a means of prevention:** Get those nasty germs before they get you! Prevention is the ultimate strategy when it comes to keeping a healthy environment. At A&S Total Cleaning, we can provide you with comprehensive programs to stop the spread of germs before they begin. This program is especially popular among schools and medical clinics where harmful germs tend to lurk more frequently.
- 2. Keep up Attendance and Productivity:** With a comprehensive disinfection program, you can ensure that your employees (and clients) stay healthy and productive. There is nothing worse than a chain reaction of the latest cold going around the office...keep your employees happy, healthy and productive!
- 3. Provide a Healthy and Safe Work Environment:** It is awful to come into work and hear a steady soundtrack of coughing, sneezing, and nose blowing. Prevent this by ensuring that all contact surfaces are disinfected and germ-free. It is critically important to stress to your employees proper hand washing procedures and the small details that maintain a healthy work environment.

Human coronaviruses can remain active on surfaces such as metal, glass, or plastic for up to **a few hours to days** after exposure. The **flu virus** can live on surfaces for up to **24 hours**. **SSI** has the right products to help you prevent infectious viruses in the workplace.

An effective germ-killing disinfectant combined with a strong, quilted wipe make up SCRUBS® MEDAPHENE® PLUS Disinfecting Wipes. The textured wipe works quickly not only to loosen, but also absorb contaminants to ensure a clean and disinfected surface.

DEODORIZING:

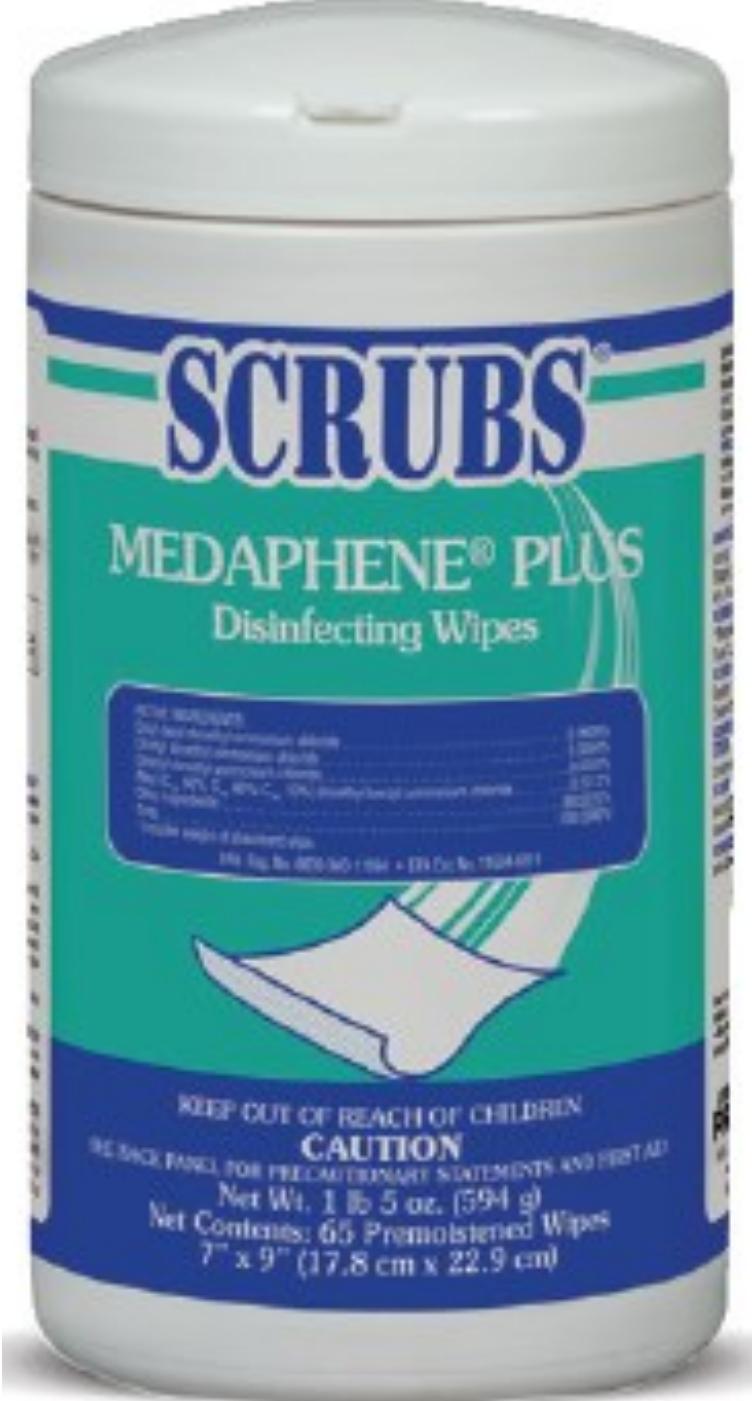

- Wipe hard, non-porous surfaces thoroughly to eliminate odors caused by organic waste and spills such as urine and fecal matter. Also eliminates odors caused by smoke or soot deposits, industrial plant processes, mildew and mold, and musty storage surfaces.

FEATURES:

- One-step cleaner / disinfectant / deodorizer
- Portable, safe and easy to use
- No spraying or run-off
- Textured wipe works quickly to loosen and absorb contaminants
- Textured wipe ensures a clean and disinfected surface.

1 SCRUBS® MEDAPHENE® Plus Disinfecting Wipes has demonstrated effectiveness against viruses similar to 2019 Novel Coronavirus (2019-nCoV) on hard, non-porous surfaces. Therefore, SCRUBS® MEDAPHENE® Plus Disinfecting Wipes can be used against 2019 Novel Coronavirus (2019-nCoV) when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces. Refer to the CDC* website for additional information.
